COMMUNITY HEALTH TRAINING SESSION/2022-24 GARRETT COUNTY COMMUNITY HEALTH ASSESSMENT

Shelley Argabrite presented a Powerpoint (see attached) explaining the Health Planning Council history governed by bylaws and our mission. She detailed the CHNA and CHIP processes and the Statewide Integrated Health Improvement Strategy.

There was a discussion about HPC being more visible to the public. A possibility would be to have the HPC meet with the Board of Health during a Commissioners meeting. There would be media coverage and the public that attends the commissioners meetings.

AGENCY UPDATES

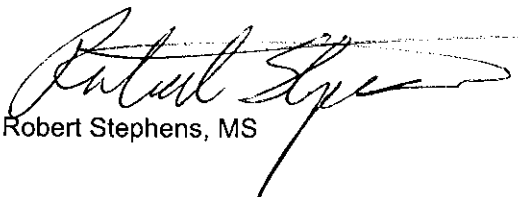

GCHD - The assessment shows that mental health is the number one concern in Garrett County, and with that, Dr. Callis has announced his retirement from the Health Department. We are working on replacement with no lapse in services.

Workgroup on Child and Adolescent Health - We are currently working on teenage pregnancy, childhood obesity, and healthy weight.

Hospice - They are having their fall raffle that includes: two halves of beef, two halves of hogs, and a handmade quilt. If anyone would like to purchase a ticket, please see any staff members or stop by the Oakland or McHenry office.

With no further business to discuss, the meeting adjourned at 8:51 a.m. The next meeting is scheduled for September 22, 2022.

Respectfully Submitted,

Robert Stephens, MS
