Garrett County Health Department
IFB #23-0605A**

Vendor Questions received prior to May 26, 2023 5:00 PM deadline:

Question: Are the “after-hours” transports REQUIRED under this new contract? At the present time, we are not doing these transports and do not remember how that all developed in June of last year?

Answer: The State does not pay an “after hours rate” in any NEMT contract. We cannot pay for this type of charge.

Question: Is there a separate rate, and a place to specify that rate, for these transports?

We recall from a few years ago that there was a separate rate that we billed GCHD for wherever we did an “after-hours” transport.

Answer: Guidance from the State NEMT office indicates that we will not pay any “after hours rates”.
