

WE WANT TO HEAR FROM YOU

Participate in a survey to improve sexual health services in Maryland

[Cardea](#) is partnering with the Maryland Department of Health to conduct a needs assessment of sexual health services in the State of Maryland. We are asking **people who are 18 years or older and have received sexual health services in the State of Maryland in the last five years** to take a survey about their experiences receiving these services. Survey responses will be **confidential** and used to develop a strategic plan to meet the health care needs of people across the State of Maryland.

To take the survey, scan the QR code below or click on the link. The **first 250** community members who take the survey will receive a **\$5 gift card** as compensation for their time.
